ANNUAL REPORT

ON

THE ADMINISTRATION OF THE TONK STATE FOR THE
YEAR 1333 FASLI
(1925-26)

CHAPTER I.

Brief History of Tonk.

The Tonk State is situated partly in Rajputana and partly in Central India and consists of six Parganas that are separated from each other by distances varying from 20 to 250 miles. The Rajputana Parganas are Tonk, Aligarh and Nimbahera, and those in Central India are Chhabra, Sironj and Pirawa. The State has an area of 2,579 square miles and a population of 2,87,898.

The founder of the State was Nawab Amir Khan, a Pathan or Afgan of the Buner tribe known as Salarzai. Early in the 17th century, one Taleh Khan left his home in the Buner country and took service in Rohilkhand with Ali Mohammad Khan a Rohilla of distinction. His son, Hayat Khan, acquired some land in the Moradabad district and was the father of Amir Khan. The latter was born in 1758, and when 20 year of age, left his home to carve out, a career for himself. He first offered his services to De Boigne who was recruiting for Sindhia's Army, but De Boigne considered that he was too young and inexperienced, and declined to enlist him. For the next ten years he served as a mercenary leader whenever he could find lucrative emp'oyment, and in 1798, he was advanced to the command of a large army in the service of JaswantRao Holkar. He fought with distinction in the campaign against Sindhia and the British, and he took no small part in levying the indemnities imposed on Rajputana and Malwa. Holkar appreciated his fighting qualities and in order to have his services permanently at his command, he agreed to share all conquered territory with him. Sironj was accordingly made over to Amir Khan by Holkar in 1798, and Tonk and Pirawa fell to his share in 1806, Nimbahera was added to his territory in 1809, and Chhabra in 1816. On the entrance of the British into Malwa Amir Khan made overtures to them, but the conditions he proposed were considered to be extravagant and were rejected. The British, however, offered to guarantee him all the lands he had been granted by Holkar on condition that he abandoned the predatory system he had adopted, disbanded his army and surrendered his artillery, with the exception of 40 guns, to the British at a valuation. Amir Khan agreed to these proposals, and they were embodied in a treaty in 1817. To the territories thus guaranteed, i. e. the five Parganas already mentioned, the fort and Pargana of Rampura, now known as Aligarh, were added by the British Goverment and a sum of three Lakhs was also given to him to enable him to finance his State. He administered the State till his death in 1834, when he was succeeded by his son

Wazir Mohammad Khan the latter did much to consolidate the State, and during the mutiny he distinguished himself by holding the Tonk Fort with a small garrison against the combined forces of the Nawab of Banda and Tantia Topi. In acknowledgement of his services, his salute was raised from 15 to 17 guns, and he received a sanad guaranteeing the succession of his family according to Mohammadan Law, in the event of failure of natural heirs. He died in 1864, and was succeeded by his son Mohammad Ali Khan, who proved such an unsatisfactory ruler that he was deposed by the British Government in 1867, and was exiled to Benares, where he died in 1895. His son Hafiz Mohammad Ibrahim Ali Khan succeeded him in 1867, and is still ruler of the State. During His Highness' reign many reforms have been introduced and the Government of India have shown their appreciation of His Highness' merit by making him a Grand Companion of the Star of India and of the India Empire. His Highness' full title is Amin-ud-Doula Wazir-ul-Mulk Nawab Sir Hafiz Mohammad Ibrahim Ali Khan Bhadur Sowlat-Junj G. C. S. I., G. C. I. E. His Highness administers the State with the help of a State Council. The present Members of Council are Captain W. F. Webb I. A., Vice President and Revenue Member, Captain N. D. O. Toole, Judicial Member, Sahibzada Mohammad Ishaq Khan, Home Member and Sahibzada Abdul Wahab Khan, Financial Member.

The State Surgeon visits each of the pargana Dispensaries in the course of the year and reports on the work done.

Details of the work done by the hospitals and dispensaries are given in appendices XXIII & XXIII-A.

Their Highnesses Nawab Khaliluzzamani Begum Saheba, Nawab Jamiluzzamani Begum Saheba and others generously sent food, on several occasions, for the convicts in the Tonk Central Jail. The Jail manufactures command a ready market in India and Europe.

The cash balance in the Central Jail at Tonk on the 31st October 1925 was Rs 3,298/-9. The sale proceeds of the Jail manufactures during the year under report amounted to Rs 7,584/13/3. Sahibzada Abdul Basit Khan worked as Superintendent jails during the

year. Lt: Col: Watson Chief Medical Officer Rajputana and Superintendent Central Jail Ajmer visited the Jail and inspected the Jail industries and expressed his satisfaction.

State Press.

The Press utilised the services of eight prisoners in addition to those of its sanctioned staff and turned out 859,542 papers which brought in an income of Rs. 2,366/- Of these Rs. 1000/- were paid into the State Treasury as net income.

The State Press entailed an expenditure of Rs. 2,701/-

Education.

Administration—The Education Department of this State continued as one of the department under the control of the Judicial Member; the intermediary hitherto acting between the Judicial Member and the Head Master being abolished. The Head Master of the Darbar High School now deals directly with the Judicial Member. With the exception of a period of five months, when he was on leave M. Nurul Hassan, B. A. B. T, continued as Head Master of the Darbar High School. During this period he obtained his degree of B. T. from the Aligarh Muslim University. Syed Hamid Hussain B. A., L. L. B., the second master acted as Head Master during this period.

Staff of the Darbar High School.

The Staff of the School is competent to instruct up to the middle class in geography and up to the 10th class in mathematics, history, and languages, also religious subjects. But instructors are required in science, drawing geography for the higher classes, object lessons and in drill and gymnastics.

University Examination.

Seven candidates were sent up for High School Examination. All failed. A result not creditable to the School.

Home examination.

Progress in most subjects in the Upper Primary, Lower Middle Upper Middle and High classes was unsatisfactory; and at the annual examination the results were not good only 81 boys out of 188 passing.

The Syllabus.

There was but slight alteration in the syllabus this year. There was however a notable change in the system of instruction; the United Provinces Board of Education permitted candidates in the examinations to answer in Urdu their papers in history, geography, Persian and Urdu, instead of in

English as heretofore. This allowed instructions to be given in these subjects in Urdu to the higher classes which was an advantage to the students.

Religious instructions.

Religious instructions were given to Mohammedans from the Lower Primary to the higher classes, and religious observances were enjoined on all Mohammedans. Hindu boys were taught Hindi in lieu of religious instructions.

Physical instructions.

Drill and gymnastics in the absence of a qualified instructor, could not be taught but football, hockey, cricket and tennis were played. The space, however, for these games is very restricted. It is hoped to be able to remedy this shortly by the acquisition of a piece of ground adjacent to the play-ground.

Educational Apparatus.

Only bare necessities under this head are provided and renewal of most of the article is called for. Requirements for instructions in some of the subjects taught in the School such as Geography should also be provided when funds permit. Apparatus for the teaching of science, purchased about six years ago, are lying unused as this subject is not taught in the School for want of instructor.

The Library.

There are 1,153 books in the School Library. The annual provision under this head in the School budget is Rs 100; the addition to the School Library are, therefore, not very large each year.

Furniture.

The furniture of the School sadly needs renewal; but the Funds allotted for this purpose have had to be alienated for other, and more pressing, requirements of the School. Only much needed repairs were able to be undertaken, and a few chairs purchased. The same may be said of the Pargana Schools,

Buildings.

The accommodation in the School building is inadequate. A new building is required. Some alterations on the ground floor would, in a measure, meet a part of this need and would lead to a much required claiming up of this part of the School.

It is regrettable that want of funds prevents the building being kept in repair and properly whitewashed. It is highly necessary that the surroundings of the school boys should be cleaned and sanitary in order to insure them to cleanliness. Dirty surroundings will rarely help to turn out clean and healthy boys.

This also applies to the pargana schools and Amirganj school.

Fees.

No fees are levied in this school. It is proposed to levy a small fee however for games in the Upper eight classes.

Scholarships.

A sum of Rs 480/- is budgetted for under this head for students of the High School. Of this sum Rs 400/- are distributed as scholarships and Rs 80/- are utilised for the purchase of Books for distribution among the poorer boys.

Prizes.

No prizes were distributed this year.

First Aid classes.

Two teachers passed the Medalian examination and nine student passed the First Aid examination.

Paturari Class.

This class is under the control of the Revenue Department, only nominal supervision is exercised by the Educational department. Two teachers carried on the work of this class during the year, one of whom was lately transferred to the Committee.

Inspection of Schools.

No inspections are made of the schools of the State,¹ there being no staff available for this purpose. There certainly is a great need for this as evidenced by the results of the examinations.

In the pargannah schools this work was entrusted to the Munsiffs but was honoured more in the breach than the observance.

Number of Students.

There were on an average 356 students on the rolls of the High School and its branches as compared with 377 of the previous year. The average attendance was 251·136 as compared with 245·515 last year. The average attendance of the High School itself was 158·115 a record, beating the previous record of 1921-22 which was 149·048. Malaria materially effected this average as there were 223 cases this year, malarial figures for the preceding year were 246. The total number of students in all the schools under the educational department was 1209 as compared with 1243 last year.

Appendix.

The total expenditure amounted to Rs 18,182/- the same figure as last year. This sum is exclusive of Rs 682/- contributed to the girls High School at Aligarh U. P. through the education department.

The working of the Department has been on the whole satisfactory during the year with the exception of the Tonk Pargana which leaves a great deal to be desired. The Jamabundi and Wasil Baki of this Pargana are not up to date which shows a great slackness on the part of the Officials concerned. The Revenue Member would however add that this is in no way the fault of Munshi Faiz Ahmad Sahib who held charge of the Nizamat on the later part of the year and did his best to get things up to date. The Revenue Member hopes for an improvement next year.

The work of Munshi Faiz Ahmed Sahib Assistant to the Financial Member who in his spare time supervised the road construction in old Tonk and the building of the Zanana Ghat was of the greatest assistance. The Secretary Tahibzada Khalilul Rehman Khan and the Motamim Mohammad Yusuf have been unfailing in the discharge of their duties.

CHAPTER. VII.

Report of Inspector General of Police.

Mr. E. T. D. Ferguson was In Charge of the Police throughout the year.

Political events.

Nothing of political importance occurred during the year.

Crimes including cognizable and noncognizable cases.

There has been a slight rise in the number of cases reported during the year, 1360 cases being reported against 1331 last year; a difference of 129 cases. As there were 162 cases pending from last year the Police had to deal with 1,522 cases in all, against 1,380 of the preceding year.

Registered Miscellaneous cases.

300 cases were reported under this head during the year against 194 last year and 24 cases were pending from last year. In all the police had 324 cases to deal with against 214 of the previous year.

238 cases were challaned, 20 untraced, 53 expunged and 13 were still under enquiry at the end of the year. Of the cases challaned 169 were convicted, 31 acquitted, action was taken under section 512 C. P. C. in 12 cases, and 26 were awaiting trial at the end of the year.

324 persons were arrested in these cases of whom 288 were challaned, 28 were released by the police, 1 escaped from police custody and the cases of 7 were still under investigation at the close of the year.

Of those challaned 195 were convicted, 40 acquitted and 53 were still under trial.

Other Miscellaneous Cases.

199 were reported during the year against 207 last year and 30 cases were pending from the year before. In all the Police had 229 cases to deal

with against 231 the year before. 197 were challaned, 7 untraced, 16 expunged and 9 were still under investigation at the end of the year.

Of the cases challaned 135 were convicted, 18 acquitted, one expunged, 14 were made over to other States, action was taken under section 512 C. P. C. in 8 cases and 21 were under trial at the end of the year.

410 persons were arrested of whom 362 were challaned 34 released by the police and the cases of 14 were still under investigation at the end of the year.

Of those challaned 278 were convicted, 43 acquitted, 25 were still under trial at the end of the year and 16 were made over to other States.

There still appears to be disinclination on the part of Magistrates to make use of Section 211 I. P. C. 6 cases represent but a fraction of the number of cases which could reasonably be instituted. This may easily be judged when 18 cases were instituted by the police under section 182 I. P. C. and 161 cases of reported crime were expunged.

Budget.

A sum of Rs. 1,40,176/- was sanctioned for police expenditure this was an inadequate sum, and at the end of the year I was obliged to ask His Highness for an additional grant of Rs. 4,700/- to supplement the pay of the force and travelling allowances.

Buildings.

No building has attained completion for the reasons set forth above. The small sum of Rs. 400/- is set aside from the budget for repairs of buildings and this represents but a quarter of my requirements under this head. It is impossible to provide anything for original construction now in hand, or for the construction of new police stations which are urgently required.

Preventive action.

Only 19 cases under the preventive sections were instituted this year.

Section 110 C. P. C. is never used although there is plenty of material to work on.

Finger Print work.

95 search slips were prepared, of these 73 were of offenders under the Criminal Tribes Act and 22 in other cases. 22 were returned by the Bureau traced with previous convictions, 11 for each class of offender. 286 slips were sent for record.

The names of 3 men were struck off on account of death and returns

were submitted. The services of the Sub-Inspector F. P. were requisitioned four times by the courts, 3 times by the Criminal court and once by the Dewani court.

The Sub-Inspector F. P. also toured the perganas to inspect finger print work and instruct those doing impression work.

Concluding remarks.

From an examination of the statements given in this report it will be seen that on the whole the improvement in the force has been maintained. The average of work has varied but slightly. The cases reported to investigated show a percentage of 94 % against 92 % last year, the percentage of cases investigated to challaned is 52 % against 53 % last year, cases reported to challaned remain at 49 %, cases challaned to convicted are 70 % against 68% last year, or after deducting cases expunged are 41 % to 42 % last year. In the matter of persons arrested and challaned the percentages are as follows.

Arrested to challaned 87 %, against 88% persons challaned to convicted 72 % against 68 % last year. An average of recoveries of stollen property is very high i. e. Rs. 58/- against 48/- last year. These are the figures for the whole State. But when the Parganas figures are examined it will be seen that not all the Pergannahs have pulled their weight. Tonk and Pirawa show great improvement but I am not inclined to accept the figures for Pirawa unreservedly Nimbahera results are very disappointing indeed as it has fallen off in every respect and as I have just inspected the Pergannah I may safely say it is entirely due to lack of supervision. Very justly His Highness made an example of Circle Inspector Mohamad Yunis, who practically did no work. This Circle Inspector was dismissed How the Superintendent of police allowed this State of affairs I can not understand. His office work was also deploreable. These remarks apply with some modifications to Chhabra which also shows a considerable falling off in results. I have severely warned Circle Inspector Mohamad Abdul Hadi. Sironj has not done as well as hitherto and has fallen off considerably, it's recoveries dropping from Rs. 79/- to Rs. 42/-.

Aligarh has also done badly in all things save it's recoveries which have risen from Rs. 11/- to Rs 49/-. For the first time in years Tonk shows recoveries which may be accepted as satisfactory as it has risen from Rs. 14/- to Rs. 45/- a very creditable rise.
